Welcome Message From the Founder

I am delighted to welcome you to a new and exciting school in the city of Abuja, the Federal Capital Territory.

First and foremost, I wish to thank the Almighty Allah for giving us the opportunity to serve our community through the establishment of this highly rated school here in Gwarimpa. ACCE is clearly a school where the desire to learn is contagious and students of all abilities flourish because everyone works hard to create a learning environment where everybody is welcome and diversity is celebrated.

Welcome Message From Founder I am tremendously proud to lead a dedicated and hardworking team. Our priority is our pupils and our society. My team and I will strive to provide the highest possible standard of education at all times for your child, Insha Allah. We discovered a lack of understanding of religion and its moral teachings in the Islamic youth today and we are poised to solve this problem. I am highly confident of the team we have on ground, their experience and dedication. I ask Allah to be our support and to help us achieve far beyond what you will be expecting as parents. At ACCE, we plan to equip our pupils with essential knowledge and skills for living a pious life in a 21st century world. Our energy is directed towards building in our pupils the confidence to study, understand and apply any subject they have learnt in real life situations, so that they graduate well-informed and can successfully and confidently follow whatever career path they choose in life. We will equally equip pupils with the knowledge of Deen; Quran memorization, Arabic, Adhkar, Tauheed, Fiqhu, Hadeeth, in a way they will have a good understanding of and apply to their daily life. Our main aim is to ensure that all our pupils study in a safe, secure and happy environment at the school and graduate appreciating their high level of achievement.

We are also proud of our curriculum; It is broad, balanced and relevant to the needs of all our pupils. At the primary education stage, we deliver a formal broad education system, focusing on literacy and numeracy. We also introduce our pupils to a well-designed and comprehensive curriculum of Islamic Religious Knowledge and Information, Communication Technology (ICT).

In our secondary school, we have in addition to our curriculum, a skills acquisition content. We believe the 21st century pupil deserves an all round experience and learning should

extend beyond the classroom. These include the Al-Ansar Leadership Programme (ALP), Young Journalists, Qur'an Memorisation Masters, Train the Trainers Club (TTC), Young Farmers Club, STEM Club, Young Writers Club, The Duke of Edinburgh's Award Scheme as well as numerous community based projects. These programmes open our pupils' minds to new experiences, provide opportunities for them to work with professionals in their various fields of expertise and to ultimately develop leadership skills and qualities which are valued by universities, employers and the society.

We have zero tolerance for any form of mischief, such as exam malpractice, drug abuse, bullying etc. Lastly, our carefully selected team of Imams offer Islamic pastoral care to our pupils in order to help strengthen their Imaan and knowledge of the Deen in line with the teachings of the Qur'an and Sunnah. We look forward to receiving you and your child in ACCE, Abuja.

Here's to a wonderful year!
